Agadir™ Argan Oil Hair Treatment

Agadir™ Argan Oil is extracted from a rare, exotic nut (cross between a walnut and almond) of the Argan tree. This oil from Morocco has the characteristics of being very light and non-greasy. Its conditioning powers are beyond compare when combined with our fine, professional formulation. Argan Oil has a low molecular weight, which instantly penetrates into the hair shaft, without weighing the hair down. Agadir's dry, light, hair treatment is left in the hair for continuous conditioning and leaves the hair soft, silky, manageable with a long lasting, luxurious shine.

Features

- Not oily or greasy and there's no buildup to make hair heavy and flat. Repairs, smoothes and strengthens dry, brittle, frizzy, over-worked hair.
- Nourishes and eliminates dry, itchy scalp.
- Encourages healthier, hair growth.
- Protects against damage from heat styling tools.
- Leaves hair with radiant shine.
- Alcohol free formula. Excellent for use on all hair types, including fine and thin textures.
- Substantially speeds up drying and styling time.
- Protects hair against ultra violet rays and environmental damage.
- Super enriched with Vitamin E, antioxidants and essential (80% unsaturated) fatty acids to keep hair healthy.

Frequently Asked Questions

Q. If I apply Agadir™ Argan Oil Hair Treatment to my hair will it be oily, greasy or weigh my hair down?

A. *Absolutely not! It's a light, dry oil that disappears into the hair, even on fine and difficult textures. Hair will be conditioned with a healthy, look and feel and a super vibrant, luxurious shine.*

Q. Can Agadir™ Argan Oil Hair Treatment be used on all hair types?

A. *YES, it may be used on all hair types (fine, thin, dry, frizzy, coarse and hard to control hair textures).*

Q. How will Agadir™ Argan Oil Hair Treatment perform on permed, color treated and heat appliance, damaged hair?

A. *It's excellent for this type hair because Agadir's Oil has the ability to repair and strengthen, damaged hair caused by chemicals and heat appliances.*

Q. How often can I use Agadir™ Argan Oil Hair Treatment?

A. *You may use it daily. The hair should be clean and damp. Can also be used on dry hair after blow drying.*

Q. What benefits will Agadir™ Argan Oil Hair Treatment have on frizzy or curly hair?

A. *– On frizzy hair, it will fill, repair, smoothe and resurface the hair shaft for easy manageability.*

– On curly hair you will have more elasticity and bounce. If desired, the curl may be styled with a flat iron to achieve a straighter, natural look.

Blow Dry and Style

Apply small amount to hands and distribute evenly through clean, damp hair (apply a little more on longer hair.) Blow dry and style as desired.

Directions for use

Apply a small amount to palms of hands (more for longer hair). Massage into damp hair. Style as usual.

For additional protection and shine

After hair is dry, apply a few more drops in your hand and run fingers through clients hair. Brush out for finished style.
